- Setting up takes 3 hours before the start of the first show. Dismantling takes 1,5 hours after the end of the last show.
- The site has to be flat and dry. Setting up is possible on a paved surface or on grass. The structure doesn't need anchoring. If the surface is wet or soft, the organizer needs to provide wooden floor plates. Dimensions of the big top: L 4,5m x W 4,5m x H 5,0m.
- The site needs to be accessible by a Volkswagen Transporter van during setting up and dismantling.
- The organizer provides power supply (1 x 220 Volt socket, 10 Ampere). The socket needs to be on the site or at a maximum distance of 25 meters. Power must be available from arrival till departure (1,5 hours after the last show.)
- When the performance remains on the festival site for several days, the organizer provides security at day and night-time when no performance is on.
- The organizer provides a parking space for a Volkswagen Transporter van with number plate 45-VGS-6, and the required documents for parking/accessibility of the terrain.
- During the performances, the organizer provides bottled soft drinks on site.
- For multiple-day festivals the organizer provides catering and accommodation (twin room)
- For the promotion of the performance in a program, a website or in the press, we appreciate to provide promotion materials, such as a press release, photographs, leaflets or video. Don't hesitate to request via info@circusdrome.nl
