

## TECHNICAL RIDER

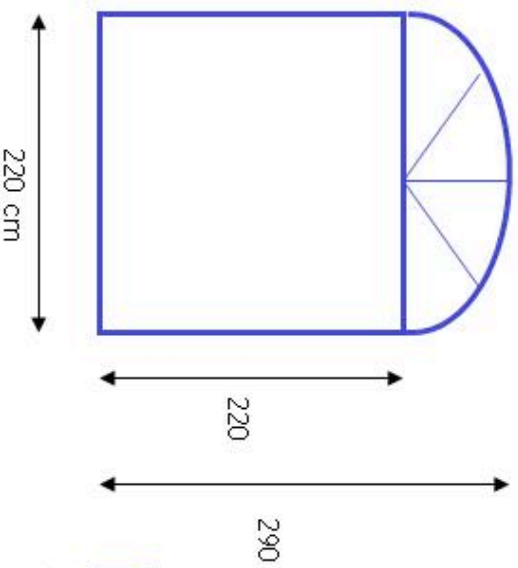

- Setting up takes 3 hours before the start of the first show. Dismantling takes 1,5 hour after the end of the last show.
- The site needs to be accessible by a Volkswagen Transporter van during setting up and dismantling.
- The site has to be flat and dry. Setting up is possible on a paved surface or on grass. The structure doesn't need anchoring. If the surface is wet or soft, the organizer needs to provide wooden floor plates. Dimensions of the structure (including the front stage): L 6,50m x W 2,50m x H 3,00m.
- The organizer provides power supply (1 x 220 Volt socket, 10 Ampere). The socket needs to be on the site or at a maximum distance of 25 meters. Power must be available from arrival till departure (1,5 hour after the last show.)
- When Teatro Metamorfoso remains on the festival site for several days, the organizer provides security at day and night-time when no performance is on.
- The organizer provides a parking space for a Volkswagen Transporter van with number plate 45-VGS-6, and the required documents for parking/accessibility of the terrain.
- During the performances, the organizer provides bottled soft drinks on site.
- Photographing is permitted during the show, but only without flashlight. Recording sound or video is only allowed with permission in advance.
- For the promotion of the Teatro Metamorfoso in a program, a website or in the press, we appreciate to provide promotion materials, such as a press release, photographs, leaflets or DVD. Don't hesitate to request via [info@metamorfoso.nl](mailto:info@metamorfoso.nl)
- Teatro Metamorfoso is accesible for everyone with a minimum age of 8 years.
